

Response to Questions

5-Year Evaluation of the Ontario SPOR SUPPORT Unit (OSSU) RFP

Questions received with OSSU Responses

- On Page 2, the RFP states that the project will be delivered “over a 9 month timeframe (January 2019 to September 2019)”. Are there any key milestones/meetings for OSSU that we should be aware of during this time period that might impact the pacing of the engagement?
 - In terms of the pacing of the evaluation, we do not anticipate any specific milestones or meetings to alter the pace. However, OSSU will have in-person Board, Strategic Advisory and Operational Management Team meetings in May of 2019 that we would likely request the successful bidder to attend to (a) gather information, and (b) feedback to the governance groups on progress.

- On Page 4, the RFP states that anticipated cost are “not to exceed \$150,000”. Does this amount include or exclude applicable taxes?
 - This figure is excluding applicable taxes.
